

VETERANS WILL FORM BACKBONE

Of the Two Teams Which Will Contend for the World's Pennant

38,281 PAID SPECTATORS

Witnessed the Memorable Opening Game Between Same Teams in 1911 on Same Field Where Opening Game Occurs This Year.

Associated Press Telegram
New York, Oct. 4.—Veterans of the memorable struggle between the Giants and Athletics for the world's championship in 1911, which the Athletics won by four games to two—will form the backbone of the two teams when they face each other again in a world's series on the afternoon of October 7.

Of the fourteen Athletics who went on the diamond in the world's series games of 1911, 13 are in the list of twenty-five which Connie Mack has prepared as eligible for the forthcoming games. Lord is the only man who played in 1911 who will not play on Philadelphia's team this year. Twelve of the fifteen players who fought for New York in 1911 will fight for it again in 1913. The absentees are Ames and Devore, traded to Cincinnati, and Becker, released. The world's series of 1913 will, therefore, be, in large measure, a contest between the same men who engaged in the series of 1911.

What these men did in 1911, their past performances in the six games of that series, are of unusual significance and bearing on the present contest.

The first game of the series of 1910 was played October 14 on the Polo Grounds, scene of this year's first encounter, before a crowd the like of which had never seen a baseball game before. There were 38,281 paid spectators. The day was brilliant, with the tang of autumn in the air. When the New York players trotted out onto the field in their black uniforms, with a touch of white here and there, they were greeted with a roar of welcome such as had never arisen in a ball park before. The Athletics, clad in their customary grayish red traveling uniforms, were welcomed almost as warmly.

On a diamond, sleeked and groomed to perfection, the two teams played a 2 to 1 game. New York scoring the winning run in the seventh inning when Meyers clouted the ball to left field for two bases and scored on Devore's two-bagger. Mathewson and Bender were the opposing pitchers.

The second game was played at Philadelphia October 16. Almarquand took the slab for the Giants, Plank for the Athletics. Crandall supplanted Marquand in the eighth inning after John Franklin Baker had lifted one of Marquand's curves in the seventh over the right field fence for a home run, breaking the tie. Plank was easily master of the New York batters and the game was Philadelphia's, 3 to 1.

Philadelphia won the third game also, played in New York the following day, by a score of 3 to 2. This duel of pitchers—Mathewson and Coombs—lasted eleven innings. Philadelphia came from behind in the ninth on the second home run of the series to be batted out by Baker. The run tied the score. In the eleventh inning Baker scored the winning Philadelphia twice winner out of three games the series was interrupted by continued rainfall for a week. On October 24 the fourth (Continued on Page 2, Col. 1.)

TWO KILLED AND SCORE INJURED IN A COLLISION

Associated Press Telegram
Columbus, Oct. 4.—In a heavy fog two interurban cars of the Columbus Railway and Light company collided head on just north of this city early today, seriously injuring four men two probably fatally. The cars met on a single track and the impact caused them to telescope. A score or more of passengers were more or less injured.

Motorman C. W. Davis of Columbus one of the injured, died shortly after reaching a hospital.

Those seriously injured were: Jacob Hess, aged 50, Columbus, internally injured.

Frank Eliek, Columbus, internally injured.

Loudermilk, probably internal injuries, badly cut and bruised.

Joseph Scott, 67, Columbus, left arm broken.

William Hattan, 25, Columbus head cut.

E. Schueller, another victim of the wreck, died this afternoon.

"Ami" the Mechanical Doll to be Exposed 9:15 Tonight; "Made in Newark" Show Closes

With a bag of tools, and in the presence of the crowd which will surely throng the Arcade tonight, "Ami" the wonderful mechanical "doll" will be taken to pieces, if "it" is a machine. If "he" proves to be a human being, an effort will be made to get him to make a speech to the assembled audience.

This in brief is the program for the closing of the "Made in Newark" exhibition tonight. Arrangements have been made by the committee to construct a platform near the center of the Arcade, from which the "exposure" will be made. It is announced that "Ami" will be assisted to the platform at 9:15 o'clock. Within a few moments thereafter, the "mystery" will be explained and all bets paid off.

Judging from the arguments heard from among the crowd which has thronged the Arcade every evening since "Ami" has been on exhibition, the question of whether it is a man or machine has well nigh disrupted some Newark families.

It is known that several bets have been posted on the question and these uncertain people will be able to learn to a certainty whether it is man or machine.

The "Made in Newark" show will continue throughout the day and will officially come to a close at 9:30 tonight, though all the displays will be left in position until Monday.

The Stewart Bros. & Alward company home outfitters in the Arcade, offer the \$110 bed room suite in their center Arcade window to any one who will make "Ami" laugh or smile. The bed room suite is a beauty and some of Newark's funny men and women should enter the contest.

The committee of Arcade merchants Saturday expressed their hearty appreciation of the co-operation received from the Arcade merchants and the factory managers of Newark, in making the show a success. "We are particularly grateful to the Styron Beggs & Company," said Mr. Eade Saturday. "This company was the first to agree to co-operate, was the first to place its display in position and has pulled continuously for the success of the affair. The task was a troublesome one but the manufacturers have helped us make it a success and we feel highly grateful to them all."

It is said that man appeared in the Arcade a night or two ago after all the stores were closed and took a flashlight of the McCahon picture in Williams & Eilber's window. If this was done he was probably able to count the number of faces at his leisure. Guesses on the number of faces in the picture range from 300 to 15,000.

The "Made in Newark" show drew another tremendous crowd to the Arcade again last night.

Col. Theodore Roosevelt Sailed This Afternoon On Trip to South America

Associated Press Telegram

New York, Oct. 4.—Colonel Theodore Roosevelt departed from the United States today, the second time since he left the white house, this time upon a long journey into the southern hemisphere. The sailing of the Lamport and Holt line steamship Vanduyck upon which he had booked passage for South America was timed for one o'clock but the former president and members of his party were astir early with final preparations for embarking, and many of the Progressive party leaders who tendered him a great farewell dinner atop of a New York theatre last night arranged to be on hand to give him a good sendoff at the foot of Montague Street, Brooklyn.

Like his East African trip, the South American journey is undertaken with the colonel proposing to make it one of many aspects aside from the pleasure of it. His chief interest probably lies in the proposed penetration of the interior of

Brazil with a party of fellow naturalists under auspices of the American museum of natural history, but the earlier part of the six months which he will spend in South America will be devoted to addresses upon American democracy, which he has been invited to deliver before the universities and other bodies. A trip into Patagonia to visit an out of the way mission and two crossings of the continent to Santiago de Chile and back to Buenos Ayres will be other features of his journey.

Those who prepared to embark with him today were Mrs. Roosevelt, and Miss Margaret Roosevelt, who will make the round trip on the Vanduyck; Anthony Fiala, the polar explorer, who has charge of the expedition's equipment; G. K. Cherry and Leo L. Miller, naturalists of the American museum of natural history; Frank Harper, Colonel Roosevelt's secretary and the Rev. Father John Augustine Zahn, provincial of the order of the Holy Cross, a former field companion of the colonel.

NEW PREACHERS NOT GRADUATES OF COLLEGES

Associated Press Telegram

Chillicothe, O., Oct. 4.—The steadily growing demand for higher educational qualifications in the ministry of the Methodist church was again voiced today at Ohio conference in session here. Bishop Anderson, presiding, took occasion to express his great regret that not one of the members of the class admitted yesterday or that of today is a college graduate. Dr. Freeman said one cause for the failure to obtain more college men, is that they cannot be guaranteed in advance their appointment to pulpits in keeping with their qualifications but must begin at the bottom and work up.

The conference decided today to hold its next session in Grace church, Washington, D. C. Rev. F. E. Ross is pastor of Grace church. Dr. J. N. Eason, pastor of the North Church, Columbus, presented an invitation from that church. The vote was Washington C. H., 67; Columbus, 65.

Bishop Anderson was requested to use his influence with the board of bishops to set an earlier date for conference next year.

SHORTAGE OF OYSTER MEAT IN CANNING

Associated Press Telegram

Washington, Oct. 4.—Shortage of from 10 to 15 per cent of drained oyster meat, was discovered by the national board of food and drug inspection in its examination of samples of oysters put up during the season of 1912-13. This shortage was found, says an official statement, in cans of all sizes except packing select and extra select oysters. The officials express the opinion that this was "not intentional, but due rather to the fact that the packers made insufficient allowance for loss of weight of oysters through processing." All oyster canners from Maryland to Louisiana however, have been notified what amount of oyster meat various sized cans must contain.

FIREMAN SAVES \$30,000 OUT OF HIS 45 YEARS SALARY

Associated Press Telegram

Baltimore, Oct. 4.—Out of his salary during 45 years service as an engineman in the Baltimore fire department, John Calder, who died recently, acquired a bank account of \$30,000. This became known when letters of administration were taken out by his sister who was bonded for \$30,000, said to be the value of Calder's estate.

Calder was a bachelor, 66 years old, and became a member of the fire department when he was 21 years old. His pay was gradually increased from \$700 a year to \$1,150 a year. He never varied from his original expenses of \$500 a year and the balance of his pay he put in the bank.

PASSENGERS ON THE SPOKANE ARE REPORTED SAFE

Associated Press Telegram

Seattle, Wash., Oct. 4.—All passengers of the Pacific Coast Steamship company's steamer Spokane, are reported safe today on board the steamer La Touche of the same line which took them off when the Spokane went ashore last night near Cape Lazo, 100 miles north of Victoria, B. C.

Details of what happened after the wireless call "sinking fast" went out from the Spokane will be known when the La Touche, a freighter, reaches port here today. Another of the company's steamers, the Alki, is standing by the wrecked vessel.

The Spokane was bound here from Skagway, Alaska. She lies today close to the spot where she was beached in 1911, after striking rock in Seymour narrows. She is the second of the company's steamers to get into trouble this season, the steamer Star of California, having struck an uncharted rock in Gambier Bay, August 17, and sunk, carrying down thirty-seven passengers and seven members of the crew.

LEAVES PRISON CHAMBER

Miner Entombed for Days In Underground Prison Freed at Last

TAKEN TO CENTRALIA

Where Wife and Little Ones Await Him—Appears to Be None the Worse for His Remarkable Experience.

Associated Press Telegram

Centralia, Pa., Oct. 4.—Thomas Toshesky, prisoner since Friday of last week, in an abandoned chamber of the Continental mine of the Lehigh Valley Coal company, walked into the open air a free and comparatively well man at 22 minutes before 8 o'clock this morning. He was taken to his home at Centralia, three miles away, from his underground prison, apparently none the worse for his remarkable experience.

It was 7:15 o'clock when the last barrier of coal was driven away and Toshesky crawled through the opening from his prison chamber into the tunnel which had been steadily driven toward him by eager, willing rescuers. Seven minutes later the first intimation was given to the outside world that his task was completed and the prisoner was free. This was when a miner crawled to the mouth of the tunnel and called to the top of the pit for blankets and hot water to be sent down.

The work of getting the man ready for his exit occupied the next few minutes and at 7:38 o'clock a file of men emerging from the headlamp heralded the approach of the hero of the occasion.

Toshesky came from the hole with a gray blanket wrapped about his shoulders. Back of him was a miner with hands upraised ready to assist if he should be needed, but Toshesky walked with astonishing agility considering his experience. When he stepped onto the wooden platform just outside of the mouth of the narrow tunnel and was first able to stand upright he paused for an instant and looked upward as if in greeting to the world or scanning the steep and muddy zig-zag path which led up to the opening of the mine breach. His miners' cap was on his head when he crawled through the opening of the tunnel and greeted his rescuers. His lamp was in place upon his cap and burning.

Toshesky was glad to get out of his prison but he acted as if it were an old story to him and nothing over which to make a great fuss. Once before in his career as a miner he had been entombed for nearly 48 hours.

Half way up the pit Toshesky was stopped and posed for a photograph, together with Dr. H. G. Portner, who had been in almost constant touch with him since his communication was established Saturday night.

Toshesky wore the broadest smile of any person in the vicinity when brought out. "Hello," he greeted everybody who spoke to him. His one reply to questions as to how he felt was "bully."

Just before the end of the tunnel was enlarged enough to permit the passage of his body the rescuers engaged in work were chatting with him. One asked what he was doing. "I am setting ready to move," he said.

"This is no boarding house; no good bed; no spring, no nice boarding missus."

Toshesky wanted to walk home. He was persuaded to ride in an ambulance the first mile after which he was taken to an automobile and driven home.

Inhabitant of the town turned out to see Toshesky as he was whirled along the streets. His wife and five children waited for him at the door of his home. He got out of the car and walked up the steps to his family, embracing them all, in turn and kissing the baby repeatedly.

Describing his experience, Toshesky said all the time he was closed in, he thought he would be crushed to death as several thousand wagon loads of coal piled towards him from the bottom of the breast. In fact, two breasts of coal ran away. Continuing, Toshesky said through an interpreter:

"My dinner bucket and coat at the bottom of the breast were lost as the coal rushed. I had all my mine tools with me and my lamp was burning. I had a half quart of oil in a can by my side. Sizing up the situation, I found I was entombed in a space seven by fifteen feet. I have been entombed twice before and rescuers soon got me out. I felt that they would again take care of me. From Friday until Tuesday I was without anything to eat or drink and on the last day my oil gave out. I was in darkness. It was a dismal period from then until rescuers drove the bore hole through. After I got several drinks of egg nog I felt like a new man."

For a quarter of a century an amateur yachtsman, sailing his own craft against the cleverest of professionals without asking any odds, W. P. Burton, the nerviest of Sir Thomas Lipton's yachting friends, is the first amateur to command a challenger in any of the series of contests for the historic trophy. When he commands the Irish baronet's Shamrock IV, a year hence he will bring the prestige of a remarkable record of victories. Sailing more races on his own craft, than most professional skippers, he has exhibited resourcefulness, ability, skill and daring, enabling him to beat many contestants of the professional class. He has raced and owned large boats for the past fifteen years, and his 19-metre cutter Octavia has an enviable record of wins. He finished the season two years ago at the head of the class with 37 prizes out of 57 starts. Burton is rated as one of the best helmsmen in Europe. He is wealthy, is vice-commander of the Royal Harwich and other yacht clubs, ex officio member of the New York Yacht club and fond of other sports, with a fine pack of hounds in his Suffolk kennels.

Welfare of Citizens Should Be Taken Into Consideration In the Subway Proposition

The press yesterday contained accounts of the injury of a young man

twenty-two years of age at the Fifth street crossing in this city. The young man, Charles Edgerly by name, and living near Appleton, was in the city to attend the county fair, and while crossing the tracks at Fifth street was struck and one leg so crushed that it had to be amputated. This a young man at the very threshold of life is made a cripple. Nothing could possibly better illustrate and emphasize the contention of those who favor the elimination of these dangerous grade crossings. The fact is the grade crossings of this city are a menace to the safety and life of its inhabitants. No city or community has a moral right to maintain a condition that is a menace not only to the safety and comfort of its citizens, but to life itself. We place altogether too low an estimate on human life when we measure it in terms of money. We cannot be justified in withholding a bond issue because it may result in slight increase in taxes. The stranger in our city has a right to pass along our streets without endangering his life. The laborer and artisan is entitled to a way to and from his daily employment without being subjected to the hazards of a grade crossing. The autoist and pleasure seeker should be as free to go in the part of our city south of the railway tracks as elsewhere. This is not the case now.

The children of the public and parochial schools should be permitted to go to and from these schools without being subjected to the danger, and delays of these crossings. We have put altogether too much emphasis on taxes, and given perhaps too much attention to the accumulation of dollars when we should be looking more to questions that affect the welfare of our citizens.

The subway elimination project is one that means a greater and better Newark; it will mean a more desirable city in which to live, because it is safe and it will be, moreover, a city that places the emphasis in the right place, viz on safety and human life, for human life can never be measured in mere terms of dollars. A man is more than the dollars he earns or accumulates. Let us awake to the true import of this question, let us say to the world by our vote on this question that Newark is a city that right-ly estimates the value of safety and human life. If we do this we shall accomplish more for our city than by an over calculating policy on the question of taxes, important as this question is in this city.

The frequency with which accidents and deaths have occurred at the grade crossings has made our citizens indifferent to this question. They have become an old story and we have come to regard them so much as a matter of course, that we really think they are unavoidable. They are not unavoidable, we have only come to regard them so. It is more a habit of mind than otherwise. It is possible to remove the cause, and with the cause removed, we shall have an end of the long and sad list of accidents and fatalities that have occurred at these several crossings. No one who has lost a member of his family at one of these deadly crossings can conceivably be opposed to this project, and no citizen of Newark can forget how soon he or some member of his family may be added to the long list of fatalities they have caused. Can any voter, then, refuse to give this project his approval and support?

REAL INDIAN FACES MAYOR ON SATURDAY

A touch of the wild west was given police court when Red Cloud, a real North American Indian, faced Mayor Swartz on a charge of drunk and disorderly conduct. He was arrested Friday afternoon by Patrolman Sunkle and a "border because he was making himself obnoxious to women on the street. The officers charged that he insulted a number of women before he was taken into custody. Red Cloud is an umbrella mender and when locked up, he was relieved of the usual pack of junk carried by these itinerant mechanics. Red Cloud pleaded guilty to an over indulgence in "fire water" and he was fined \$5 and costs and ordered committed.

PRESIDENT SIGNS THE NEW BILL

Memorable Event Occurs At the White House Last Night

TARIFF MEASURE A LAW

Plans for Its Enforcement are Being Promulgated by the Heads of Various Departments.

Associated Press Telegram

Washington, Oct. 4.—President Woodrow Wilson signed the new Democratic tariff bill at the White House last night, the President affixing his signature in the presence of the members of the finance committee of the Senate, the ways and means committee of the House, members of the cabinet and other distinguished Democrats who had been invited. Two magnificent gold pens were used, one of which was given to Leader Underwood, who engineered the bill through the House, and the other to Chairman Simmons of the Senate committee.

With the Democratic tariff law consummated, activity today was transferred from the halls of Congress to the treasury department where Secretary McAdoo and Assistant Secretary Hamlin began the development of a plan of enforcement. Treasury officials declared that the new act was the lowest tariff law in the history of the country with the possible exception of the Walker tariff of 1846 and its amendatory tariff of 1857. When President Wilson and the congressional framers of the law they declared it was competition tariff and freely expressed the conviction that business would be invigorated and sustained throughout its operation. Operations were equally confident that it would afford the government ample revenue.

It is estimated that \$100,000,000 worth of merchandise, held in bond soon will be withdrawn and payment of duty made under the new law.

Compared with the Payne-Aldrich act, this will mean a loss of \$10,000,000 to the government. Treasury officials maintained that these withdrawals would have no perceptible effect upon the business of the country.

General regulations will be issued within a few days covering the tariffs as a whole and these will be followed by specific rules regarding each of the intricate schedules. The most difficult administrative feature of the new act is the income tax provision. This entirely new venture will require the work of experts to draft a workable plan that will insure the government receiving its lawful dues from every taxable citizen.

Wm. H. Osborn, commissioner of internal revenue, today began the task of formulating as simple a plan as possible. While no official announcement has been made it is believed H. H. Speer of Bangor, at present chief of the corporation tax division of the treasury department will be appointed deputy commissioner of internal revenue in immediate charge of the income tax.

Secretary Bryan today endorsed the new tariff law as the best tariff measure since the civil war and predicted the early passage of the currency bill. My Bryan issued this statement:

"The tariff law that went into force last night is the best tariff measure since the war and all who have taken part in preparing and passing it are entitled to great credit. It is a better bill than we were able to pass twenty years ago, and I rejoice that present conditions are such as to make the present law possible.

SOPHOMORES WIN ANNUAL CLASS SCRAP

Freshmen Win One Event, the Flag Rush—Student Has Collarbone Broken in the Affray.

Granville, O., Oct. 4.—The sophomores won two of the events in the annual class scrap which decided their supremacy over the freshmen.

The freshmen started out strong in the morning and captured the flag rush after 15 minutes of fighting. The contest was never in doubt after the first five minutes. The freshmen gathered their men around the west pole which was well greased and their flag was fastened fifteen feet from the ground. The sophomores gathered around their pole which was two hundred feet to the east and similarly decorated. At the word to begin the scrap both classes made rushes for each other's pole with the exception of a small number of men on each side who were detailed to guard their pole. The freshmen soon subdued the sophomores who rushed at them and made an attack on the sophomore pole. Here they were very strenuously repulsed and there was a battle royal for about ten minutes, when the sophomores began to give way and after making several attempts the freshmen succeeded in pulling down the sophomore flag, which proclaimed them as winners of the event.

The only deplorable event of the scrap occurred shortly after it began. A sophomore named Harry Wood of Mt. Gilead, O., suffered a broken collar bone. The scrap was very interesting to watch as the freshmen and sophomores had been nursing a grudge against each other and every one was fighting with all the prowess they could command.

The tug-of-war was won by the sophomores, who again upheld the supremacy of sophomore classes of past years in this event. This event has always been won by the sophomores and the result of this year did not prove any exception.

The two teams which consisted of twelve men each, lined up on opposite sides of the creek a little west of the Lancaster bridge. The creek is about 50 feet wide and 4 feet deep at this point. After the signal was given to start, the sophomores gained ground steadily and in two minutes the freshmen followed their end of the rope through the creek and the sophomores were declared to be the winners.

The result of the football game was never in doubt after the first three minutes of play and was handsomely won by the sophomores by the score of 25 to 0.

The two teams were evenly matched in weight but the sophomores displayed more speed and judgment. Kidwell, the freshman captain, was their big man and displayed great ability on the defense and offense. Ladd and Thiele were the two stars of the sophomores. Ladd showed his ability at quarter as a field general and a ground gainer. Thiele at full back made good gains through the freshman line.

The speed of both teams was hampered by the slowness of the playing field as rain had fallen incessantly all day.

The game was called at 3:30 by referee Livingston and three minutes later the sophomores recorded their first touchdown. Ladd made a long end run from the twenty-yard line and crossed the freshman goal. Goal was missed and the score stood 6 to 0. The next touchdown was made about five minutes later when Thiele intercepted a forward pass or the freshman 15-yard line. Goal was missed and the score was 12 to 0. This ended the scoring in the first quarter. In the middle of the second quarter the sophomores scored again after a steady march up the field. Thiele carried the ball across and Ladd kicked goal; score—18-0 sophomores.

The freshmen took a brace in the third quarter and held their opponents scoreless by hard work.

The sophomores determined to have another touchdown in the final quarter after a series of brilliant forward passes and end runs. Shauler crossed the freshman line for the final touchdown. Goal was missed and the game ended shortly afterward, the score being sophomores, 25; freshmen, 0.

This was the deciding event of the day and the sophomores were declared winners of the day's activities as they had won two of the three events in easy fashion.

veteran who took his place, proved a most accurate substitute, but with Mathewson on the mound as he will be when the series opens, the Athletics' initial is certain to be stronger than it was in 1911. Shauler has led down third for the Giants in place of Herzog most of the season, according to the style of pitching to be faced. Aside from these shifts and substitutions the line-up will be the same as two years ago, when the Athletics won the World's championship with four games out of six.

This being the case, the figures of, affording a comparison between the Athletics and Giants. Merkle and McInnis will be the rival first basemen and McInnis appears to have a decided advantage over the Giants' initial sack guardian. Merkle is not as finished a player as McInnis, but possesses greater speed on bases. In comparing the Athletics' star outfielders Merkle. He is also more aggressive and covers more ground around first base. Davis outplayed Merkle during the 1911 clash, yet McInnis held the bag up to the point in the season when he broke his wrist. It is reasonable to suppose that Mack considered him the better player of the two.

Moving to second base, Captain Harry Davis is found to be opposed by Eddie Collins. The Giants' field leader is a high-class player, but Collins is ranked as one of the most famous second basemen of baseball. At no time during the title struggle in 1911, however, did Collins outplay Davis. Whether the latter can duplicate this feat is doubtful. His recent accident in which his shoulder was badly wrenched when his automobile rushed into a tree will not improve his game. Furthermore Doyle has not played or batted this season up to the standard set by himself during the World's Series in which he was opposed by Collins. The latter has improved steadily, and his batting this season has been heavier than in 1911. On the base Collins is faster than Doyle and has stolen many more bases than the Giants' field leader. A year after the former's Columbia University student also has the better of Doyle.

For the position of third baseman three players must be considered. For the Athletics John Franke has been the favorite, but he is not in the city of New York and tremendous crowds. He will play against best interest in the game would be devoted to Herzog and Shauler in all crowd ball. The latter is likely to see service here but also toward the games in the World Series is expected. Baker, Houck and outplayed Shauler and Herzog in batting this season, but in general all is an even stand. It is said that Herzog proved two years ago, terms in division of some of the. The latter is cool and lightning fast in the bag and you might not have any sensational throws and throws become what a hitter is. It is the

which appear easy, but with nearest some get to pronouncing a "uno bola" call.

RACES DRAW LARGE CROWD ON FRIDAY

Thursday's races, which were carried over from the day before on account of rain, were probably the best that has been seen at the local track for many years, a number of the heats being close and exciting finishes. The track was heavy in spots next to the rail but considering the late rain was in fair condition and good time was made in several of the events.

The 2:14 pace which was unfinished Wednesday and postponed until Friday on account of Thursday's rain was close and exciting. Frank Annand and Pearl Carter leading neck and neck for the mile, the former horse winning out. Second money went to Pearl Carter, third to Dorothy and fourth to Judge D. The time of the heat was 2:14 1-4.

The 2:18 trot, 2:17 pace and 2:21 trot, all for purses of \$200 were finished but the fourth race, a 2:11 pace was unfinished on account of darkness and will be started Saturday afternoon. Van Burn, a Newark horse, owned by N. E. Vanatta and Hot Ball, owned by Oscar Valley of Derby, each having two heats to their credit.

It took six heats to decide the 2:21 trot and was a horse race from start to finish. Axtell McGregor and Sweet Heart each had two heats apiece and Marlet having a heat to his credit, the two first horses paced the sixth heat to decide it. Alex McGregor winning first money. The summaries of the day's races follow:

DIZZY, HEADACHY, SICK, "CASCARETS"

Get a 10-cent box
Sick headache, biliousness, dizziness, coated tongue, foul taste and food breath—always trace them to torpid liver, delayed, fermenting food in the bowels or sour, gassy stomach. Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.
A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

Society

The Brightening Circle of The King's Daughters will meet with Mrs. W. D. Fulton, Monday, October 6.
Two of the literary clubs hold their first meeting for the season of '13-14 today. The Research club is meeting at the home of Mrs. B. F. McMillen, while the Photoretan club is being entertained by Mrs. L. R. James in West Locust street.

Invitations were issued today by Mrs. Edward S. Miller for a thimble party to be given at her home in West Church street on Thursday afternoon of next week.

The choir of the First Presbyterian church was delightfully entertained in the church parlors Friday evening by a party to which Mrs. Candler J. Tucker, directress, was the hostess. Assisted by some of the young ladies of the choir, Mrs. Tucker had the parlors tastefully decorated with fall roses, salvia, cosmos and lavender with Japanese hangings. Various games were used as diversions interspersed with readings by Mrs. T. F. Coulter and felicitations by the Rev. Mr. Hazlett, after which delightful refreshments were served in courses. Between thirty and forty members of the large chorus choir were present, and all voted Mrs. Tucker not only a capable directress but also a delightful hostess. The choir under the direction of Mrs. Tucker has already begun preparations for a fine Christmas Cantata.

The initial dance of the winter series of the Entre Nous club given at Assembly Hall last evening under the chaperonage of Mr. and Mrs. J. D. Keeley, was one of the most fairly enjoyed affairs of the kind ever given by this club.
Reynolds orchestra furnished excellent music. Mr. Reynolds' singing being a very delightful feature of the evening. At 11 o'clock the guests were invited to the balcony where Caterer Ransom served a delicious luncheon.

Those participating in the pleasure of the evening were Mr. and Mrs. Will Young, Mrs. Mary Long, the Misses Wynona Jenkins, Katherine Shaugnessy, Vivian Frye, Claire Kureth, Christine Young, Florence Lund, Bernice Floyd, Mary Keeley, Bessie Raftery, Dollie Warrington, Mame Dolan, Margaret Dwyer, Anna Weiler, Leah May, Henrietta Jordan, Nellie Sturman, Katherine Schoplin, Anna Moran, Loretta Dolan, Justina Kureth, Grace Dennison, Mae Prior, Eva Moran, Mary Balzer, Eva Partridge, Anna Dwyer, Helen Africa, Julia McCarthy, Josephine Egan, Hazel Barto, Emily Wells, Anna Cross, Messrs. Earl Allen, Wayne Day, Ed. Smith, Fred Allison, Ed. Duffy, Albert Dyer, Justin Keeley, Will McDonnell, Raymond Long, Ed. Gilbert, Muri Lake, Evan Warrington, Ed. Schimpf, Albert Gandlach, Clarence Roe, Louis Bentz, Archie Goodwin, Frank Cole, John Dolan, Ned Jenkins, Raymond Campbell, Lawrence Schaller, Leo Ryan, Charles Dean, Ed. Kureth, Harry Shields, John Dwyer, Will Schopen, Will Anderson, C. E. King, Clell Sutton, Wm. Verheyen, Leo Conlon, Joe Dolan, Jas. Copeland, Parker Wolf, and Mr. D. E. Barry of Baltimore, Md.

Mr. and Mrs. Leo DeConza of Detroit were the guests at dinner of Mrs. C. B. Hahn, Mrs. DeConza's aunt in Granville street, Friday evening. They left this morning for Los Angeles, Calif., where they will make their future home.

Newark Horse Wins Unfinished Race

Van Burn, a Newark horse, driven by Nels Vanatta, won the 2:11 trot which was left over Friday because no winner could be selected in the four heats raced with the Friday program. Dwight Logan got second place and Hot Ball third position. The time of the final heat was 2:18. A splendid Saturday crowd was present when the afternoon's program was started.

Obituary

Mrs. Alice Davis.
Word was received Saturday by Mrs. T. L. Craig of this city, of the death of Mrs. Alice Davis, at the home of her daughter, Mrs. Loretta Woodson at Akron, Ohio. The deceased was well known, and beloved by a large circle of friends here, who will be pained to hear of her death.

Mr. Simkins' Funeral.
The funeral of Benjamin B. Simkins, whose death occurred Friday morning, will be held Sunday afternoon at the chapel of the Hazler & Bradley undertaking establishment, at 2 o'clock. Rev. Calvin Hazlett will conduct the services. Interment will be made at Cedar Hill cemetery.

William Evans.
William Evans, aged 68 years, died in his birthplace and life-long family residence, near Vanatta, early Saturday morning, after having lingered, unconscious, since Wednesday forenoon, when he was stricken with paralysis. Mr. Evans had been in ill health for a year, suffering from Bright's disease.

He was one of the best-known farmers of the Vanatta neighborhood and for years had been a member of the Lutheran church at Vanatta, and highly esteemed by his acquaintances. In his youth he served during the war in Arkansas. For years he was known as a successful strawberry grower.

Surviving are the widow and one brother, Joseph Evans, of Vanatta. Mr. Evans had appeared in his usual good health Wednesday morning when he went into the berry patch. While there he was stricken with paralysis. He was taken into his home where at noon he became unconscious, never recovering consciousness before his death.

The funeral cortege will leave the house at 1 o'clock Monday afternoon, and the service will be conducted by Rev. E. L. Spaid in the Vanatta Lutheran church. Interment will be made in the Wilson cemetery.

Mrs. George C. Parsons.
Mrs. Isabella Doolittle Parsons, widow of the late George C. Parsons, died at the home of her daughter, Mrs. R. D. Williamson at Granville, Friday night. Another daughter, Mrs. George Reese, also of Granville, and two sons, William and George, residing in California, survive. Funeral services will occur Sunday afternoon at the Williamson home.

Funeral of Louise Pitzer.
The funeral of Louise Vivene Pitzer, who died last Sunday morning, was conducted Tuesday at 1 p. m. by Elder Shoemaker of Ashley, O., in the Pitzer home, four miles south of Newark. Interment was made in Cedar Hill cemetery.

Deceased is survived by two sisters and two brothers, Mrs. J. W. Sigler, of Columbus and Mrs. Ola Dorsey and R. W. Pitzer of the home, C. B. Pitzer, residing south of Newark. Most sadly will she be missed by a host of friends and in the home as by her kind and loving manner she was ever ready to administer to the wants of those around her. None knew her but to love her.

Card of Thanks.
We wish to thank our friends and neighbors for their kindness and floral offerings, to Mrs. Criss Bros. and Rev. Lawrence for his services.

DUCK "DUCK" IF HE'S LUCKY; IF NOT, HE'S "GOAT"

A severe blow has been dealt experts and enthusiasts who have been wont to play that favorite pastime known as "Ring the Duck." Champion "duck-ringers" of this vicinity are not apt to view with equanimity that decree which has black listed their sensational sport. For Magistrate D. M. Jones and Humane Officer J. P. Harris are one in the opinion that "Ring the Duck" is not a game founded on the blessed provisions of equal rights. It is their contention that the "Duck" is the "goat," paradoxical as it may seem.

To the uninitiated the first question that presents itself is a natural one: "What is 'Ring the Duck'?" Answer: It is a game in which you have some show and the duck has no show, while spectators have the real show.

While Hoyt's rules have not been applied to this scientific game, Magistrate Jones' rules seem to have direct application, for it cost one E. J. Smith of Licking township \$2 and court assessments for the privilege of playing—and he didn't win, either.

It seems that Smith played according to his own original rules. Three ducks were tied securely with all but their heads under water. The puzzle was to throw wooden rings with such precision as to encircle any one duck's head before said duck "ducked." Smith was all ready to make a couple of points, it is alleged, when Harris heard about it.

Henceforth and forever, "Ring the Duck" is taboo in Licking county sportography.

159 INDICTED AT DAYTON.
ASSOCIATED PRESS TELEGRAM
Dayton, O., Oct. 4.—A special session of the April grand jury concluded today with a record for the county. With a total session of 26 days, the jury investigated 211 cases, examined 983 witnesses, returned 159 indictments, ignored 25 cases, and passed 22 for future work. Prosecuting Attorney Patterson and Attorney A. J. Fiorini were exonerated of charges of misconduct. Three indictments for second degree murder were made.

THE FORWARD-LOOKING WOMAN

THE FIRESIDE WOMAN

By Barbara Boyd

Adam's Anatomy
"Don't you think it would be a good thing if men would read their Bibles a little more carefully?" asked the Forward-looking Woman.
"I think we ought all read them more carefully," replied the Fireside Woman. "I do not know that men are any greater sinners in this respect than women."
"I am not so sure about that," reflected the Forward-looking Woman. "Perhaps they read them as much as women, but I am sure they do not interpret them as correctly, or else they know very little of anatomy. They seem to have located Adam's ribs in his feet."

"What a crazy idea!" exclaimed the Fireside Woman. "Of course men know their ribs are not in their feet. They don't have to read the Bible to find that out."
"Well, they seem to have got the impression, at least some of them, that Adam's ribs were in his feet, one of his ribs anyway. And so as I say, I wish men would read their Bibles a little more carefully."
"Whatever gave you such an idea?"
"The way some men act. They seem to think women are inferior, and only made to be walked on,—doormats, in fact. A clever Frenchman voiced the same thought when he said, 'Never forget that women came from Adam's side, not from his feet.' You must admit that, judging by the way some men treat a woman, evidently they believe Eve came from Adam's foot."

"Some men,—yes," admitted the Fireside Woman. "But not all men." "No, thank goodness! Not all men. But since there are some men who act in this way, in fact, if there was but one man who held such an idea, woman should be given her proper status legally and otherwise, so she could defend herself against such a man. There are plenty of men, and I think in America, they are in the majority, who will not take advantage of a woman's defencelessness. In fact, they will act all the more chivalrously toward her. But since there are some who will take advantage of her, she should not be in a position where they can. She should have the same rights as they have, so that she does not have to make her fight against them handicapped."

"But as you said a minute ago, most men will chivalrously protect her. If you take away the need of protection, man's chivalry will die. And that will be a distinct loss."

"If man's chivalry has to be maintained at the expense of woman's slavery, then it had better die," declared the Forward-looking Woman. "If woman's defencelessness and the consequent injustice done her are the soil upon which chivalry depends for its existence, then it had better perish. But I don't think they are. While woman is woman and man is man, I think there will always be a chivalrous regard for her in the masculine breast. And I think this brand of chivalry will be purer and higher than the kind that springs to action because of the injustice men has done her. After all, this sort of chivalry is but a matter of simply paying a debt. But the new chivalry will grow from no sense of obligation or claim, but solely from nobility in the man himself. And so I shall be glad when men read their Bibles more carefully, or realize that anatomy in Adam's day was made on the same plan as it is today, and that a rib signifies man and woman side by side."

With Ohio Club Women

Conducted by Mrs. Charles S. Rockhill, Chairman of the Publicity Department of the Ohio Federation of Women's Clubs

At the meeting of the directors of the General Federation last week in Niagara, Canada, the dates of the Chicago biennial convention were set for June 9-18. This is expected to outdo all previous conventions, as the central location is sure to attract a record-breaking number of members.

Among the Chicago women who have been asked to appear are Jane Addams and Ella Flagg Young. Members state that Mrs. Pennybacker was looking rested and well, which will be welcome news to all who have heard she was not well. The board at this meeting elected Mrs. Philip Moore an honorary president of the General Federation. Among the interesting features of the biennial the board decided upon a press luncheon of 100 covers.

Mrs. Melville F. Johnson who is chairman of the Art Department of the General Federation, writes us concerning an exhibition of paintings which she wishes to put on a circuit of cities and towns in Ohio. This will be a splendid opportunity for clubs to arrange for a fine art exhibit in towns and cities that could not otherwise have it.

Mrs. Johnson has arranged with Miss Maude Mason, president of the New York Association of Women Painters and Sculptors, for fifty pictures to be exhibited in Ohio. This exhibit will be composed of the very best work of the association and will be a valuable one. It will also be a most interesting thing for the club women of Ohio to become acquainted with the work of the American women painters, and they will find such exhibitions much more valuable in developing art culture than the study of books on art.

Mrs. Johnson will be at the Chillicothe convention and will then more fully explain plans for such exhibits or any clubs wishing to communicate with her directly may address her at 103 North Tenth street, Richmond, Ind.

Mrs. Howard Ferris, vice president of the southwest district requests that clubs in her district which have done any unusual work during the past club year, send an account of same to her to embody in her annual report at the Chillicothe convention, giving due credit to clubs and presenting to the convention a report of their activities. Please send at once.

The Annette Phelps Lincoln Loan Scholarship Fund now nearing the close of the third year of its existence, has received from the clubs approximately eleven hundred dollars. Two girls were loaned money in 1911, four in 1912 and two in 1913. One of these has already received a second loan, two others will receive their second loans in September, and two applications for additional loans are now before the committee for action. All this will so deplete the fund that we have been obliged to refuse immediate assistance to five girls, but have placed their names upon a waiting list. Two new

STATE BUYS LAND FOR EXPERIMENTS; CHOLERA FIGHT ON

(ASSOCIATED PRESS TELEGRAM)
Columbus, O., Oct. 4.—The state agricultural commission has authorized the purchase of a 34-acre farm at Germantown, Montgomery county, which the Wooster state experiment station has had under lease for testing purposes for the past 11 years. The legislature appropriated \$6,300 for the purchase of the farm. The land could not be acquired earlier because of difficulty in quieting the title. The commission is negotiating with Carroll, Belmont and other counties, for the establishment of county farms. This project is to be pushed throughout the state.

On October 24, Dr. Fisher, state veterinarian, under the direction of the commission, will begin making tests in Fayette county to determine the best methods to use in fighting hog cholera. This county was singled out for the test. The legislature allowed \$20,000 for it. Hog cholera is raging over the state and the state veterinarians are working night and day in trying to respond to demands for treatment for infected swine. There are some 25,000 head awaiting treatment. The department has received some new applications for treatment.

BOY STUNNED BY FALL IN ARCADE

Victor Patrick, 12 years old, son of Mrs. Patrick of 161 North Eleventh street, was stunned when he fell in the Arcade Saturday shortly before noon, striking his head on the pavement. The accident occurred near the Urban drug store. The lad was removed to his home in the Bazler & Bradley ambulance. It is thought the injury will not result seriously, for H. H. P. attended the injured boy.

The girl was taken to the office of Dr. W. S. Turner, in Third Street, where the fractures were reduced. She was taken home shortly afterward.

MEXICAN FEDERALS TAKE SANTA ROSALIE

(Associated Press Telegram.)
El Paso, Texas, Oct. 1.—Santa Rosalia has fallen before the attack of 4,000 Mexican federals, under General Castro, according to advices received here this morning in a telegram from General Merced, military governor of Chihuahua, to Guadalupe Porras, personal representative of General Guerra in this city.
Santa Rosalia was defended by 1,000 Constitutionalists under General Francisco Villa. The dispatch said the town was taken after four hours' heavy firing yesterday afternoon, following a siege which started Thursday morning. The message declares the Constitutionalists are retreating southward. No other details of the battle, which was considered by the rebels as a critical one for the establishment of their power in Chihuahua, has been received.

STATE CONVENTION KING'S DAUGHTERS AT GRANVILLE, O.

The twenty-third annual convention of the Ohio branch of the King's Daughters will be held in Granville from October 7 through October 10. The meeting will be held in the Methodist church in that city.

The convention includes delegates from all the churches in Ohio and all meetings will be held under the auspices of the Ohio King's Daughters. Among the prominent speakers who will appear before the convention will be Mrs. Clarence G. Brown, state president of Virginia, and Dr. Charles Raymond Mitchell, a prominent divine of Chicago.

On Wednesday afternoon a meeting of the executive committee will be held and Wednesday evening the Granville church will tender a reception to the delegates and others in attendance at the convention at the home of Mrs. J. M. Schwartz.

A business session will be held at 9 o'clock Thursday morning. The concluding session will be held on the evening of Friday, October 10, on Thursday evening Mrs. Burton will deliver her address and the morning Friday afternoon and evening will be addressed by Dr. Mitchell of Chicago.

Mrs. Burton will conduct a mission, and the features of the meeting will be the giving of a perfect class.

It is expected that 125 delegates will be in attendance at the meetings of the convention.

Will Call Meeting to Discuss Judge of Superior Court
Seattle, Wash., Oct. 4.—When Superior Judge Humphreys' court opened this morning there was only one contempt case on the docket, that against Mrs. A. J. Allen, who had spent almost two whole days in the courtroom, awaiting trial and then had gone outside of the room shortly before her case was called yesterday. The judge ordered her bail bond forfeited. It is expected that she will be assessed the costs and set free.

Except for notices of appeal to the Supreme court, Mrs. Allen's case will conclude the content proceedings before Humphreys. Some of the defendants who went to jail rather than pay \$2.50 costs were released last night and the others who were taxed nominal costs and refused to pay will be out tonight. Those who were assessed \$5 and costs will be kept in jail over Sunday.

It is intended by the Free Speech Defense league to appeal all the cases whose heavy fines or terms of imprisonment were imposed. The Free Speech Defense league called a meeting in a large hall for Sunday night to discuss Judge Humphreys.

CHILD BRUTALLY MURDERED; COPS AFTER GUNMAN

(Associated Press Telegram.)
New York, Oct. 4.—The battered body of a fair-haired girl, killed by a blow on the head lay in the Harlem morgue today while the police of the Great City sought Joseph De Puma, a nervous Italian gunman, who was held suspect. The child's body was brought to the morgue in a macabre taxi cab, and by Ralph Pasqual, an undertaker, who told a terrified tale of having been cornered at pistol points to go to the gunman's flat and remove the body. In the flat he saw a blonde woman, weeping. When detectives reached the flat later, she was gone and with her the gunman. The theory was advanced that the little girl had been kidnapped and was being held for ransom. There is no police record, however, of a child of that description being missing. The undertaking was held only pending further investigation. The mother, he says, the gunman told him that he had hit the child as she begged for water at night.

PATIENTS WERE MISTREATED SAYS HOSPITAL INMATE

(Associated Press Telegram.)
Chevalier, Oct. 4.—Patients at the city hospital mistreated and the conditions at the city hospital, said George Miller, a former inmate. Miller said that for a period of six months he was not served at all, and at some times potatoes and bread were made in an entire dinner. He said he was forced to keep the food on the table. He said that on one occasion he saw two doctors beat a young Italian severely. He said he was so shocked that he was afraid to report the matter.

We Help Young Couples To Happiness Now And A Comfortable Home In Their Declining Years

Don't wait for "your ship to come in" before furnishing a home. To do so is to lose the best part of life; to miss the content and comfort of a home all your own. Don't start wrong and thus allow doubt and fear to embitter the honeymoon of life.

HAVE A HOME SWEET HOME THAT'S A SWEETER HOME YET!

Sweeter and better because it is **YOUR OWN HOME**. Don't let lack of ready money continue to hold you down. We have furnished thousands of homes; let us furnish **YOURS**. How many rooms do you want to furnish complete? Come in and let us talk it all over. Every time you make a payment on real **PARISH** quality furniture and furnishings you save just that much. It's just like putting the money in the bank, only **YOU HAVE THE USE OF THE GOODS WHILE MAKING THE DEPOSITS**. The price is exactly the same as if you paid all the money down—we give no discount for cash, because

WE CHARGE NOT ONE PENNY EXTRA FOR TIME EXTENSION.

The Parish Company is the only housefurnishing concern in all the land that doesn't make you pay extra because you use your credit. Isn't this worth your attention? Can you afford to pay 10 or 15 per cent extra for the things you need, simply because you can't pay it all cash down? **COME UP OUT OF THE DARKNESS, FRIEND, WE'LL HELP YOU.**

This is an age of progress—don't be tied to antiquity. Our plan will help you. It has helped us, and our already magnificent business is daily increasing by leaps and bounds. It **WILL** pay you to investigate—treat yourself right. Whether you want to furnish a home complete or just want a few pieces for some room, **WE'RE SURE TO SAVE YOU MONEY**. Our terms are always easiest. There is no red tape, no delay, no embarrassments.

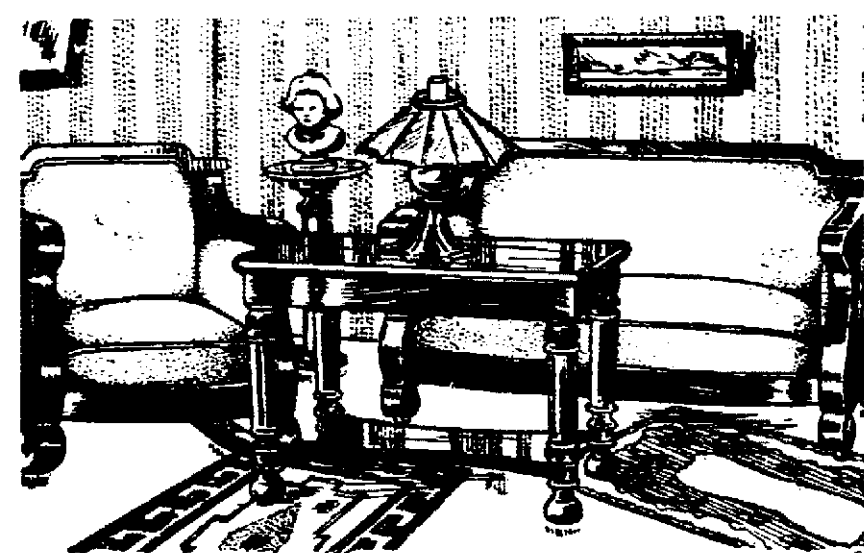

WE ARE STILL DELIVERING ANY AMOUNT OF GOODS UP TO \$40 FOR ONE-DOLLAR DOWN. PARISH PROTECTS YOU IN SICKNESS OR WHEN \$40 OUT OF WORK.

It won't be but a little while now until they visit this big store and select their furnishings just as thousands more have done.

Easy Chairs and Rockers

Are shown on two floors. The largest and most complete showing in Central Ohio. We are very proud indeed of this particular department, and that it is being appreciated is evidenced by the liberal patronage we enjoy on this class of goods. Just come in and rest awhile in one of these luxurious easy chairs.

Carpets and Rugs

THE CARPET AND RUG DEPARTMENT is a place of special interest at this season of the year. This company, with its large number of stores, is buying and selling more rugs than any other concern in the state. That's one reason the prices are so very reasonable, and then you can buy them on easy payments at the usual cash price. The showing this Fall is great. Come, look them over.

Last Night's Show.
George Cohan's latest play, "Broadway Jones," was produced at the Auditorium Friday evening to a house that was nearly capacity, and all were certainly repaid, for the producing company was excellent, every member of the cast being fitted to a nicety for that position which they filled.

"Broadway Jones" is distinctly a Cohan play and the leading character, "Broadway Jones," could easily be recognized as having been moulded by the young playwright. It was splendidly portrayed last evening by Thomas V. Emory who made an ideal spendthrift, afterwards the man of business and then the ideal lover.

Robert Wallace, "Broadway's" friend, a rather difficult character, was in capable hands. Mr. Curtis Benton admirably filling the bill. Judge Spotswood, Sammy, his son, Peter Pembroke, Grover Wallace, father of Robert and Rankin Jones, man-servant, were all well acted and had much to do with making the play so thoroughly enjoyable.

Mrs. Spotswood, the judge's wife, a quaint New England character, was filled by Mrs. Chas. Willard and could not have been in better hands. Grace Morrissey was delightful as Josie Richards as was Olive Artelle in the character of Clara Spotswood, the judge's daughter. In fact much praise is due the entire company for the enjoyable evening's entertainment which they afforded.

"Within the Law."
The minimum wage question and recent agitation thereupon play an important part in "Within the Law," which will be seen at the Auditorium Theatre tonight. The heroine of Bayard Veiller's melodrama is a poor shop-girl underpaid and underworked, who after serving three years in prison for an offense that she did not commit, and trying vainly to obtain decent employment, becomes the head of a band of "crooks" and with their assistance takes her revenge upon society.

As the leader of "Joe Garson," the forger, "English Eddie Griggs," a thief, "Aggie Lynch," an amusing little blackmailer and other confederates, "Mary Turner" obtains enormous sums of money, but manages always to keep "Within the Law." She even hires a lawyer to help her evade wrongdoing which is punishable. It is curious to learn, as one does in this play, that there are many forms of crime which are practically legal. Another interesting feature of the drama is the introduction of a Maxim silencer, which is shown in this play for the first time on any stage. It is a device by which a revolver may be fired without producing a report of any kind. How "Joe Garson" makes use of this formidable gun is a point of pivotal interest in working out of the plot.

"Within the Law" is in four acts and there are more thrills in the situations of the act than were ever before written into one drama by any author. Among the well-known names of players who will be seen here in Mr. Veiller's absorbing plays are Jane Gordon, Eileen Wilson, Grace Dunbar, Robert Tabor, Wm. Lambert, Daniel Sullivan, Wilson Reynolds, and others.

Auditorium Pictures.
At the Auditorium Sunday, will be shown the stupendous subject in three reels "Robespierre," a story of the French revolution. This is, as known, is one of the most vivid periods of the history of France and tells in a most gripping manner the brutal treatment of the gentlewomen of France by the tyrant Robespierre. This film was acted by the Imp's star company with William Shap as "Robespierre" and Grace Huntly as Marie Antoinette and the team of characters in most capable hands. It is a very clear photograph and with the many varied effects that mark the production classes it as one of the finest yet and makes it a film subject that every one should wish to see. As usual the Sunday show will consist of five excellent reels.

"The Price She Paid."
The Indianapolis News of September 30 says:
"The presentation of Leta Vance's 'The Price She Paid,' which won favorable comment last year, and which was commended in this column, is to be repeated all of this week at the Lyceum. The company is practically the same one that did so well in the piece last year. Little or no change is made in the production. The story has to do with the fortunes of an English family of rank. A dissolute lord, who married a rich American heiress, finds himself in financial difficulties. He

plans to marry one of his three sons to an American girl of means. His wife objects, not wishing another girl of her country to fall into the same misery that has afflicted her. She finds another of her sons, her favorite, in love with the girl, and urges them to marry. They do. Meantime an old lover of her own returns and takes her away from the Englishman.

The whole play is melodramatic. Thrills of all sorts, patriotic, romantic, amorous, etc., are provided. Probably the best thing in the play is the comedy of the dissolute lord, who is portrayed by John Nicholson. Billie Shay, playing the part of the American girl, is good, and Ann Hamilton, playing the part of the lord's lady, is clever. The cast as a whole is evenly balanced.

At the Auditorium, Monday, October 6. Seats ready now.

Free Bermuda Trips.
There was a good deal of interest displayed by the large crowd that witnessed the extra good program of special features and Kinemacolor pictures at the Orpheum Theatre last evening when the names of the ladies that had been entered in the contest for the free Bermuda trips that are to be given away on October 27, were thrown on the curtain. Thirty-three ladies have been entered so far and the leader had 135 votes to her credit. A great many new names were placed in the ballot box last evening as well as a good supply of votes for those who were already entered and there will be some big changes in the standing of the contestants today.

Be sure and save the votes that you will receive with each ticket and place them in the ballot box for your favorite on leaving the theatre. You are sure of seeing a good program at the Orpheum every day and you can assist some friend to win one of the trips by saving your votes.

THE "JUST AS GOOD" KIND A FAILURE ALIKE TO BUYER AND SELLER

Miss Daisy Hight, Box 202, Perry, N. Y., in a recent letter to the Herpicide Co., says: "I have used your hair remedy, Herpicide, and prefer it to any other, but the druggists here have other hair tonics they want to sell, and it is with a great deal of trouble that I get Herpicide when I want it. One druggist told me to try it, but it is not as good as Herpicide. I would like to buy your Herpicide in larger quantities direct from the company if you will send it to me."

It is the same old story. The dealer in his greed for a few extra pennies induces the customer to buy something else—result—the customer loses the money and the dealer loses the customer. Whenever a dealer suggests a substitute for some standard article the safest thing to do is to walk out of the store.

Fortunately there are but few dealers like those described by Miss Hight's letter. The dealer who tries to sell you an off brand when you ask for

Newbro's Herpicide thinks more of a dime than of the real good of his customer.

Newbro's Herpicide is compounded in harmony with the germ theory of dandruff. It is put up in 50 cent and \$1.00 sizes and is guaranteed to satisfy. If troubled with itching scalp, the benefits to be experienced from the intelligent use of Newbro's Herpicide are frequently of an astonishing nature.

Your money refunded if the condition of your hair and scalp is not improved by the first bottle. Herpicide does what it promises to do and what you expect it to do. There is no logic in buying the "just as good" kind, when the genuine costs no more.

Upon receipt of ten cents in postage or silver the Herpicide Co., Dept. 1, Detroit, Mich., will send you a trial size bottle of Herpicide and a booklet on the care of the hair to any address. Sold everywhere. Applications at the better barber shops and beauty parlors.

Miss Bertha Crilly gave a fine paper before the English teachers Monday. Miss Crilly attended Columbia University last summer and while there studied under Dr. Baker, one of the best professors of English in America.

Several visitors attended chapel Wednesday: Mrs. Ernest T. Johnson, Miss Mildred Rove, Miss Grace Raison, Miss Bernice Wintermute, Miss Camille Windle. Other visitors during the week were John Hoven and Miss Katharine Long.

Donald Kistane was elected cheer leader for the year 1913-14. No better choice could have been made.

Mr. Tate gave a paper before the history teachers, Wednesday, on the subject, "The Why and How of History." The paper was good enough to be published in some educational journal.

The Thalian Literary program Thursday was largely on Irving. Quotations, Irving, Mildred Woodward, devotional exercises, Chaplain: Biographical Sketch of Irving. Catharine Sachs: Reading from Knickerbocker's History of New York, Juliet Besuden: Talk on Irving Country, Miss Bertha Crilly: Reading from the Alhambra, Mary Elizabeth Fuller: Current Events, Kathryn Davis; Thalian Journal, Helen Laughlin.

Miss Madge Lindsay has been chosen by the Thalias to be their critic and adviser for the coming year. She is especially qualified for the work. The society expects to give a play before the Christmas holidays.

The Lodges

ORDER OF REINDEER.
Tomorrow is a big day for Newark Reindeer members. The charter is scheduled to close tomorrow and at 2 o'clock in Eagles' hall, South Park Place, all member members will be obligated by Supreme Organizer John C. Harmon of Canton, Ohio. It is likely an organization will be perfected at that time. Visitors are expected here from Canton, Akron, Cambridge, Steubenville and other Ohio cities now having flourishing Reindeer lodges.

I. O. O. F.
Newark lodge No. 627 met in regular session Monday evening, September 29, with a good attendance. The following brothers are sick: L. J. Wilkins, C. B. Allison, J. Woodard, E. Parsons, W. B. Crown, W. A. Jamison, A. Canale and F. E. Corkwell.

On Monday evening, October 6, we will confer the preliminary degree on a class of four candidates. We hope every member will try to be present. After degree work the refreshment committee will serve an oyster supper. We insist that every member attend. Visiting brothers always welcome.

MODERN WOODMEN.
Cedar camp No. 127, M. W. of A., met in regular session on Monday night and being the last meeting night of the month, not much business was transacted. One application for membership was received and elected to membership. It was decided to adopt another class on Monday night, October 13th, and the same committee on refreshments of the last adoption were continued. All officers and members of the forester team are requested to make arrangements to be present at the meeting for October 13th, as the work will be put on in full form. Don't forget, neighbors, that we will have another class adoption on the night of October 13th, and we desire a good turn out on this night.

I. O. O. F.
Olive Branch lodge No. 34, met in regular session Tuesday evening and a good number of the members were present. The Noble Grand reported one on the sick list, Brother Thomas Lippincott, and one petition for membership was received.

On next Tuesday night, October 7, the first degree will be conferred on three candidates and it is desired that a good turn out be present. Visiting brothers are always welcome.

HOME GUARDS OF AMERICA.
The Home met in regular session with good attendance, and a fine business meeting. On next meeting night, October 8, we would like each member to be present, as we will have some special business to attend to which should be interesting to everyone.

FRATERNAL ORDER OF EAGLES.
Licking acie No. 387, F. O. E., met Tuesday evening and considerable business was transacted. A class of seven candidates was taken into the order at this meeting.

ROLAND LODGE, K. O. P.
Another good attendance was noted last Tuesday evening and much interest was apparent in the various matters that came up. A stirring letter from Grand Keeper of Records and Seal William A. Beatty on the objects to be attained this year was read and discussed. The sick list has diminished to practically nothing. Brothers Baird, Moser and Still all going to work this week. Brother Henry McGrade presented the lodge two fine glass paper weights, which are excellent pieces of the glassworkers' art and for which he was tendered a vote of thanks. The irrepressible chairman of the entertainment committee was on hand with a strong speech in lieu of something for the inner man, but promised some good things for the future beginning next Tuesday night. It was decided to make an effort to get out a good number of the members on Tuesday evening and plans for the fall campaign will be discussed. Now, let's all get together and help in the good work. The officers are always glad to see others besides the regulars—although we could not get along without the regulars—and visitors are always welcome.

TRIBE OF BEN HUR.
Members of the Tribe of Ben Hur and their friends will dance in the Woodmen hall, South Park Place, Thursday night. As this is a bon-fire affair with a very small fee attached, every member is urged to come out and join in the good time. The event is under auspices of Alpha Court No. 51.

Daily Riddles
Questions.
1. What is the best word of command to give a lady crossing a muddy road?
2. Why is a postman in danger of losing his way?
3. Why should Denmark be an eminently religious country?
4. What would Neptune say if the sea were dried up?
5. Why is a horse cleverer than a fox?

Answers.
1. Dress up in front; close—(clothes) up behind.
2. Because he is guided by the directions of strangers.
3. Because it has had so many Christmas kings.
4. I haven't a notion—(an ocean).
5. Because a horse can run when he is in a trap and a fox can't.

NEW SKIRTS.
All smart skirts now are gathered at the back of the waist line, and the plain, closely fitting skirt at this point is distinctly out of the running. Of course the fullness is between waist line and hip only, for below the hips the garment must cling closely to the figure.

SPARTAN ART WALL FINISH
EAST HIGH SCHOOL, COLUMBUS, OHIO

Here's a wall paint that we stake our reputation on. We recommend it unreservedly for finishing the walls of churches, public buildings and in fact any kind of structure demanding a superior decorative and sanitary wall finish.

Spartan Art Wall Finish is a germ-proof oil paint that possesses all the sanitary features of a fine enamel paint plus the decorative effects of the best fresco work.
It dries flat and hard without laps, allowing ample time for brushing out. It may be washed with soap and water if necessary, without spotting. Prepared in both paste and liquid form.

SPARTAN ART WOOD STAINS
The stains de luxe for new interior work. Because of the perfect way they work and fit into the needs of the practical painter, some call them "the stains with brains". In fact that's what we mix them with.

SPARTAN FLOOR WAX—A superior wax where a classy polished surface is desired. Grows harder with time. Wears like adamant. Made in paste form. Ideal for ball rooms.

HAD ECZEMA TWENTY YEARS

And Was Cured Completely in Two Weeks Time by the Use of Goodhair Soap.

"Gentlemen: I have been sick, I may say, for the last 20 years; went to Hot Springs, St. Paul, Minn., and Indiana, and was benefited while there, but when I came home it was the same old story. My God, I would lie awake at night and scratch until I was weak and exhausted. Then I might sleep for an hour, but my sleep would only be the cause of more torture when I would wake up. My itching seems to be the worst on my head, face, arms and legs. Sometimes the burning sensation are enough to drive me crazy. There are no sores of any kind on me, only a dry scaly skin, or it is raw and very tender. I have spent a fortune in medicine, have taken a lot of remedies by the dozen; would use a box of ointment—Save in two days, I could not say how many bottles of medicine, but I must say I HAVE DERIVED MORE BENEFIT FROM GOODHAIR SOAP THAN ANY OTHER I HAVE TAKEN IN SUCH A SHORT TIME. I CAN GO TO BED NOW, AND STAY UNTIL I AM READY TO GET UP IN THE MORNING. SOME THING I HAVE NOT DONE IN TEN OR FIFTEEN YEARS.

I have told three friends of mine who are so troubled, but they said they could not get that soap here. The drug clerk said he had not heard of it before.

I shall never forget the kindness of Dr. Hughes of Cambridge, Ind. He has done everything in his power for me. Everything he has heard of he has told me to do, and now through his kindness, AND YOUR GOODHAIR SOAP, I hope to spend a few happy and peaceful days or months on this earth. Hoping you will send me a box of Goodhair Soap at your convenience. I remain, with many thanks for your trouble,

THOMAS RYAN, 1743 Superior Avenue, Chicago, Ill. If your druggist will not supply you with Goodhair Soap, send 25c to Goodhair Remedy Co., Newark, Ohio. Sample on request.
